

880 Tradition™

For Structural Firefighting

- Lightweight thermoplastic shell
- Lowest profile traditional helmet
- Accommodates the greatest number of smaller head sizes than any MSA Cairns Fire Helmet
- Certified to NFPA 1971 (Structural)
- Hat sizes: 5½ to 7½

*MSA Cairns 880
with NFPA Bourke's Eye Shield*

Features & Benefits

FEATURES	BENEFITS
Through-color Thermoplastic Shell	Maintains its color even after taking a beating on the fireground
Impact Cap	Provides thermal and impact protection when you need it most
Tube Lock System	Helps protect you from injury by transmitting energy from the suspension to its support and the surrounding foam
Crumple-zone Front Holder	Designed to collapse on impact to lessen the impact force
Adjustable Nape Height	Three ratchet height positions to maximize comfort
Adjustable Headband Height	Helps to provide a perfect fit between your helmet and SCBA mask
Embossed Helmet Brim	Oak vine pattern ties the helmet to over 180 years of MSA Cairns helmet design tradition
D-ring Helmet Hanger	Fits on large hooks and resists bending
Removable/washable Nomex Chinstrap	Removable/Washable in 2pt. only. Available only in Quick Release Buckle (QRB) and Postman's Slide (PS). See page 36 for details.
