## Germa EasyFix Vacuum Mattress

The EasyFix Vacuum Mattress features a new body shape design to optimize the vacuum mattress capabilities. Folds easily and requires 20% less storage space than the Germa All-In-One Vacuum Mattresses. EasyFix's unique construction delivers improved immobilization of the upper back, neck and head by a reinforced base plate that covers all of the cervical spine. This together with the x-designed restraint system supports the patient and creates the most effective immobilization.

- › Reinforced base plate covers the head, neck and upper back for improved immobilization of the cervical spine
- › One-piece back support is X-ray translucent
- › New chamber technology allows for quick and easy preparation and ensures the granulate is evenly dispersed for optimal immobilization
- › 10 reinforced carry handles with ergonomic grip
- › Compliant to EN 1789 and 1865
- › Carry capacity of 250 kg (551 lb)
- › Lightweight and fold easily for compact storage
- › Available as Ready2GoKit including: Full body mattress + five-colored restraints + repair kit + aluminum vacuum foot pump + bag
