

FIRE ARMOR GLOVE

A true three-dimensional structural firefighting glove with curved finger design and inset thumb.

- One-piece back shell made of ultra flexible 100% FR Para Aramid knit fleece
- Engineered with Nomex®/Kevlar® thermal liner on back of hand for superior thermal protection; Modacrylic on palm of hand for superior comfort and dexterity
- 100% water proof, viral/chemical penetration resistance and blood borne pathogen protection
- Five separate curved form fitting forchettes for maximum finger dexterity
- Exclusive breathable adhesive ensures liner/barrier is fully bonded. Liner will NOT pull out
- One-piece palm cowhide suede leather stays soft when wet with low water absorption
- Wristlet Style: 4" Black Nomex® wristlet with leather pull patch and hang-up loop
- Cadet sizing available

Veridian gloves are made from all USA manufactured materials and produced in the USA with a highly skilled work force.

ALL STRUCTURAL GLOVES: UL certified to meet or exceed current edition of NFPA 1971 Standard.
